Dilemmas of the qualifying type evaluation

I*2 of the audit

Four modules of the PLA

- **First module:** How to proceed with the experiences of the first cycle?
- **The second and third modules** provide room for discussing the focus areas and the directions of improvement of the consultancy type audits
- **The fourth module** draws up new perspectives:
 - Introducing a new qualifying type audit approach
 - How to extend the audit activities to the international field

Four moduls of the PLA

Module 1: **Experiences** of the Campus Hungary internationalisation audit project

Module 2: Main areas of the audit with **focus on supporting the institutions** in developing internationalisation

Module 3: Organisation of the audit process and **methodological recommendations**

Module 4: Audit with **certification**. Opportunities to extend the audit project **abroad**

Working as a think-tank

The frame of the work

- Group work around four foci (the four modules)
- Support from 3 directions
 - *Introductory presentations*
 - *Preliminary papers*
 - *Group facilitators*
- Short summaries on plenary level

... and informal networking....

creating a **community of practice** for the coming years
